

IPO Intelligence Research Service

The Gold Standard for Independent Pre-IPO Research

IPO Intelligence is the leading independent Pre-IPO research platform for institutional investors, financial sponsors, investment banks and IPO advisory firms. Our service provides real-time IPO alerts and in-depth fundamental research, valuation analysis and financial models on every US IPO and major global listings. It is the premier resource for comprehensive tracking of the US and global IPO markets.

The top institutional investors rely on IPO Intelligence to help identify and analyze these new investment opportunities. Our research can be tailored to our clients' areas of interest, including small vs large cap, growth vs value, U.S. vs International, sector focus, etc. Clients are able to consult with our research analysts and request specialized data screens.

Contact us at research@renaissancecapital.com to find out more about our full suite of Pre-IPO research.

PRICING

Our unbiased and trusted analysis provides you with valuable IPO insights, saves you time, and gives you the assurance of knowing that you will never miss an important IPO.
